

NOTHING ONLINE IS 100% PRIVATE, ALL THESE TOOLS CAN BREAK. EVERYONES RISK LEVEL IS DIFFERENT. TOOLS CAN KEEP US SAFER BUT ITS OFTEN PEOPLE WHO LEAK STUFF OR KEEP IT SAFE.

NOTES:

MY APPROACH IS THAT IF SOMEONE REALLY WANTS TO FIND MY HOME ADDRESS OR READ MY EMAILS, I STOP THEM. MY GOAL IS TO MAKE IT HARDER FOR EVERYDAY SCAMMERS AND HATERS TO GET ACCESS TO MY LIFE AND INFO AND DETER SURVEILLANCE.

WHAT I'M WORRIED ABOUT:

YIKES!

- 1 SCAMMERS & HACKERS WHO ARE TARGETTING LOTS OF PEOPLE
- 2 RIGHT-WING ZEALOTS WHO ARE TRYING TO HARASS ME SPECIFICALLY
- 3 GOVERNMENT SURVEILLANCE

REALLY BASIC DIGITAL SECURITY

ANYONE CAN DO! SIMPLE STARTER STEPS BY S. MIRK

A COUPLE OTHER COOL PRO-PRIVACY SERVICES:

- PROTON MAIL IS AN ENCRYPTED EMAIL SERVICE WHOSE SERVERS ARE BASED IN SWITZERLAND
- CRYPTPAD IS A SECURE, OPEN-SOURCE ALTERNATIVE TO GOOGLE DOCS
- WE USE A VPN AT MY HOUSE TO HELP THWART TRACKING.

AND GIVE IT AWAY!

USE A PASSWORD APP

DO YOU HAVE A LIST OF PASSWORDS WRITTEN ON A RANDOM SCRAP OF PAPER? OR DO YOU USE THE SAME OF VERY SIMILAR PASSWORDS FOR MULTIPLE ACCOUNTS?

PLEASE... PLEASE GET A PASSWORD APP. THEY GENERATE NEW PASSWORDS FOR EVERY SITE AND SAVE THEM SECURELY.

I USE 1 PASSWORD IT'S \$5/MONTH FOR A FIVE-PERSON FAMILY PLAN.

USE SIGNAL TO TEXT

THE GOVERNMENT CAN AND DOES COLLECT DATA FROM OUR PHONES. WE USED TO CALL THIS "SPYING" AND NOW WE CALL IT "NORMAL." JUST KNOW THAT ANYTHING YOU TEXT OR EMAIL COULD WIND UP WITH THE POLICE OR FEDS.

I USE ENCRYPTED CHAT APP SIGNAL FOR ANYTHING I WANT TO KEEP PRIVATE

- PROTEST PLANS
- ORGANIZING IDEAS
- SEXY STUFF
- TEXTS WITH MATT GAETZ (J/K)

TRY TO ERASE MY PERSONAL INFO

COMPANIES COLLECT SO MUCH DATA ON US AND ITS OFTEN PUBLICLY AVAILABLE ONLINE VIA SITES LIKE Yellowpages. YOU CAN ASK WEBSITES LISTING YOUR HOME ADDRESS, BIRTHDAY, ETC, TO DELETE YOUR INFO, BUT IT'S MUCH EASIER TO PAY FOR A SERVICE THAT DOES THE ASKING FOR YOU.

OPTELY

← CHEAPER

DELETEME

← MORE THOROUGH

BEWARE GOOGLE CHROME

CHROME IS KNOWN FOR BEING THE WORST BROWSER FOR PRIVACY. EVEN "INCOGNITO MODE" IS NOT PRIVATE. I PREFER FIREFOX! YOU CAN BROWSE PRIVATELY AND LIMIT TRACKING.

OTHER IDEAS:

- I ENTER FAKE INFO ON EVERY SITE I CAN. YOU DON'T NEED TO KNOW MY BIRTHDATE!
- LEAVE MY PHONE AT HOME WHEN GOING TO A PROTEST.
- DISABLING FACE AND FINGERPRINT ID (POLICE AND BORDER PATROL CAN'T MAKE YOU ENTER YOUR PASSCODE).
